Sunyu Ye

Economics Student at Zhejiang University | Passionate about Data Analysis, Financial Markets, and Economic Research
Berkeley, California, United States

Summary

As an Economics undergraduate at Zhejiang University, I am passionate about leveraging quantitative analysis and research to solve real-world economic problems. With hands-on experience in research and a strong foundation in STATA, MATLAB, Python, and LaTeX, I aim to contribute to innovative projects in finance and economic policy.

Experience

Zhejiang University

Research Assistant

February 2025 - Present (6 months)

- Research Assistant for Prof. Zhe Yuan on a large-scale research project focused on the platform economy and gig workers.
- Analyzed 12,447 platform transaction datasets, 10,028 rider survey responses, and 10,028 public perception survey responses using advanced quantitative methods.
- Organized and synthesized 188,972 words of field interview transcripts to extract actionable insights.

Authored and contributed to a comprehensive 29,898-word industry white paper on the gig economy, informing policy and industry stakeholders.

- Utilized Python and MATLAB for data processing, statistical analysis, and visualization to support research findings.
- Presented research outcomes in team meetings and contributed to academic discussions on labor economics and digital platforms.

Zhejiang University Youth Volunteer Guidance Center

Director of the General Affairs Department

June 2024 - May 2025 (1 year)

- Led the development and management of the university-wide volunteer project website, enabling centralized tracking and coordination of all campus volunteer initiatives.

- Supervised and reviewed the records and activities of more than 40,000 star-rated student volunteers, ensuring the integrity and recognition of volunteer contributions.
- Collaborated with university departments to streamline the evaluation and approval process for large-scale student volunteer projects.
- Enhanced communication and support systems for volunteers, contributing to increased participation and organizational excellence.
